Index to Volume 4

A

Abramson, Harold A.: Combined penicillin and hydrogen peroxide aerosol therapy in lung infections, 199

Principles and practice of aerosol therapy of the lungs and bronchi, 440

Abstracts:

Acquired sensitivity to injectable liver extracts, by Ralph T. Warburton, 42

Allergic agranulocytosis with complications, by J. A. Blue, 77

Allergy and tuberculous tracheobronchitis, by W. H. Oatway, Jr., J. W. Gale and W. A. Mowry, 158

Allergy to liver extract, by H. E. Engelhardt and V. J. Derbes, 39

Anaphylactic shock after posterior pituitary extract injection, by E. Schlyer, 39

Arthus type of sensitivity to liver extract, by S. E. Rynes and L. M. Tocantins, 22

Benadryl, its therapeutic value in allergy, by Ralph Bowen, 298

Case of aspirin poisoning, a, by A. D. Charters, 55

Contact dermatitis, by Oscar Swineford, Jr., 290

Effect of ephedrine sulphate on the red blood count of humans, by A. M. Harris and J. E. Davis, 141

Experimental purpura and pancreatic necrosis produced by Forssman heterophil antibody, by Alfonso Graña, 398

Immunochemistry of allergens, the. VIII. Precipitin formation and passive transfer reactions with allergenic proteins from cottonseed and castor beans, by E. J. Colson et al., 178

Importance of bronchoscopy in asthma in children, by J. C. Dighiero, 371

Immunity to tetanus induced by a third dose of toxoid three years after basic immunization; based on a study of thirty-eight allergic children, by M. M. Peshkin, 147

Intradermal test for the recognition of hypersensitivity to the sulfonamide drugs, an, by W. B. Leftwich, 57

Method of observing transient leukopenia, a, by H. E. Essex and A. Graña, 215

Neurodermatitis with cataract, by C. E. McDonald, 140

New method of giving potassium iodide, a, by W. T. Garfield, 71

Penicillin allergy, by Samuel M. Feinberg, 127

Revolution in respiratory physiology, the, by C. F. Schmidt, 160

Sensitization to thiamine hydrochloride: report of another case, by William Stein and Mates Morganstern, 12

Spinal anesthesia in the therapy of pulmonary edema; a preliminary report, by S. J. Sarnoff and H. W. Farr, 147

Aerosol therapy, Combined penicillin and hydrogen peroxide, in lung infections. (Harold A. Abramson), 199

Aerosol therapy of the lungs and bronchi, principles and practice of, (Harold A. Abramson), 440

Antibodies, some properties of antigens and, (Sanford B. Hooker), 425

Airborne fungi in allergic disease. II. Survey of airborne fungi in the San Antonio, Texas area. Incidence of skin reactions with mold extracts. (Frederick W. Bieberdorf and Stanley F. Hampton), 23

Allergens, the inunction of, with "intraderm." II. Desensitization by allergen inunctions. (F. Herrmann), 4

Allergic causes of pruritus ani. (F. R. Rugeley), 374

Allergic skin diseases (eczema dermatitis, urticaria, drug eruptions. Stephan Epstein. (Progress in allergy), 476

Allergie. (C. Von Pirquet), translated from original article, 388

Allergy, announcement of certification in, by The American Society of Certified Allergists, 1

American College of Allergists, Announcement of certification in allergy by The American Society of Certified Allergists division of, 1

American College of Allergists, Annual meeting 1946, preliminary program, 115

American College of Allergists, Certification in allergy (editorial comment, 468

American College of Allergists, Fall graduate instructional, 1946, facing page 290

American College of Allergists, Regional spring clinical course in allergy, 1947, 383

American Society of Certified Allergists, Announcement of certification in allergy by, 1

Announcement of certification in allergy by The American Society of Certified Allergists, 1

Antigen, House dust. Ethan Allan Brown, L. Robert Weiss and Milton Bilder. (Progress in allergy), 226

Antigenicity of proteins in relation to allergy. (William H. Welker), 123

Antigens and antibodies, some properties of, (Sanford B. Hooker), 425

Army, contact dermatitis as a problem in, from the standpoint of diagnosis and treatment, with the presentation of photographs and a discussion of several interesting case records. (J. A. Rudolph), 79

Association of allergists for mycological investigation. Symposium on mold allergy, annual meeting of American college of allergists. Preliminary program, 120

Asthma, Bronchial. Annual critical review of recent literature. Leon Unger. (Progress in allergy), 299

Asthma, Bronchial. Differential diagnosis of, in infancy and childhood. (Jerome Glaser), 409

Asthma, Bronchial, in the young male adult. A study of fifty patients returned from the tropics for bronchial asthma, as compared to fifty asthmatics stationed in the United States. (Frank L. Rosen), 391

Asthma, bronchial, in the young male adult. A study of 100 hospitalized patients in an army general hospital, with special reference to nasal symptoms and findings. (Frank L. Rosen), 247

Asthma due to bee scent. (Heber C. Jamieson), 213

Asthma, Ethylene disulphonate in chronic, (H. H. Brenner and A. V. Stoesser), 179

Asthmatic symptoms, Laryngeal obstruction with, report of a case. (D. Edward Frank), 40

B

Bacteria, determination of penicillin-susceptible strains of, L. I. Dutton. (Department of clinical pathology and laboratory procedures), 137

Baird, V. C. and Engelhardt, H. T.: Sensitivity to thiamine hydrochloride. A potential hazard in a common office procedure, 291

Bee Scent, Asthma Due to, (Heber C. Jamieson), 213

Benadryl in the treatment of erythema exudativum multiforme. (Hermann Pinkus), 288

Benadryl, some clinical observations on the use of, for the symptomatic relief of allergic conditions, a report of 188 cases. (L. C. Todd), 282

Bieberdorf, Frederick W. and Hampton, Stanley F.: Airborne fungi in allergic disease. II. Survey of airborne fungi in the San Antonio, Texas, area; Incidence of skin reactions with mold extracts, 23

Bilder, Milton, Weiss, L. Robert and Brown, Ethan Allen: House dust antigen. (Progress in Allergy), 226

Blood Studies in Allergy V. Variations of total leukocytes following test feeding of foods; An appraisal of the individual food test. (Theron G. Randolph and Frank F. A. Rawling), 163

Bone age studies in children to establish diagnosis of hypothyroidism. L. O. Dutton. (Department of clinical pathology and laboratory procedures), 461
